We will guarantee that if properly planted, and cared for it will establish itself and start satisfactory growth; otherwise, full replacement will be made if notified before June 15th of the first growing season. Further reports the same season will be replaced at one half price.

(2) Evergreens are guaranteed to establish themselves and start satisfactory growth within 30 days from the date of purchase.

(3) Potted and Canned Plants are growing and thus do not require further guarantee.
